

LADY TIGERS

SUMMER BASKETBALL

CAMP

Summer is upon us and the Jeff West Lady Tigers coaching staff will be having our summer basketball camp for current high school girls and incoming freshman girls. Summer time is the time for each player to improve their personal skill sets and jump past our competitors. It's also a great opportunity for girls considering going out next season to experience the team environment we have and for incoming freshman to get their names and faces in front of us coaches. We will work on all aspects of the game and end with some fun contest and everyone who attends will get a camp t-shirt.
